三. 摘要：請將以下兩篇英文簡譯成中文摘要（不需要逐字翻譯）（每題25分，共50分）

(1)

Research on teaching and learning emphasizes the need for school-family partnerships, student engagement, opportunities for relevant and authentic learning, and community involvement in the learning process. The case of a gifted but bored "problem student" shows how a school counselor encouraged collaborative problem solving among teachers, parents, and the student himself that drew on community-based learning opportunities.

(2)

Specific teaching strategies for helping talented girls in mathematics are discussed. These include: creating a supportive learning environment; providing single-sex learning opportunities in mathematics and appealing to the strengths of females as motivators; using activities that are relevant to girls; creating a challenging curriculum; and providing female mentors.
